

## BUSINESS BRISK WITH UNCLE SAM

NINETY-FIVE RECRUITS HAVE PASSED THROUGH LOCAL STATION THIS MONTH.

If the Amarillo recruiting offices keeps up its record of the last three weeks it will have turned into the fighting machine of Uncle Sam in a period of a year more than 1,000 men. According to Private J. W. Stauffer, in charge, business with Uncle Sam locally is on the move with prospects entirely satisfactory for a large increase over the present enlistment before the month is out.

Ninety-five young men have joined the colors at Amarillo since the first of the present month, and 117 for the entire period of the recruiting station since February 6.

### Take No More Negroes.

Orders were received locally this week that no further enlistments of negroes would be permitted. The order to enlist them, received some time ago, was for the purpose of filling the vacancies in the ranks of the Ninth and Tenth cavalry and the 24th and 25th infantry, according to Private Stauffer.

Private Stauffer secured two men at Tucumcari during Tuesday, from which place he returned Wednesday noon.

Practically fifteen men will depart over the noon Rock Island train for El Paso for training, from the Amarillo office. From the way enlistments are increasing the local recruiting force believe that it will become necessary shortly to engage a special car to accommodate the recruits each morning from Amarillo to El Paso.

### Late Enlistments.

Those who have enlisted in the last two days are:

Thomas W. Winter, Texoma; Aaron Cheek, Texoma; Phil W. Parkerson, Amarillo; Andrew L. Johnson, Carbon Hill.
